FLEXIBLE PAYMENT OPTIONS

The traditional way to pay for a chamber membership is to be invoiced annually. That option absolutely exists! But so do a couple of other options to help make your membership fit your needs.

- **FLEX PAY** - Flex Pay gives you the ability to make payments on your annual membership throughout the year. As a member, you can choose semi-annual, quarterly and monthly payments of your annual membership to fit your needs using Flex Pay. You'll also be able to choose the date that you're charged each period. When you enroll your annual membership in Flex Pay, your payments will be deducted from a bank account or charged to a credit card automatically on the schedule you choose. If you wish to cancel your autopay, Chamber staff will work with you to move your membership back to an annual billing cycle. Since members enrolled in Flex Pay have annual memberships, if you wish to cancel your annual membership between renewals, the remainder of the year will be charged to the payment method on file before cancellation.
- **CHAMBER SUBSCRIPTION** - The Chamber Subscription is the first of its kind and is truly a month-to-month membership. The chamber subscription is different from Flex pay that is monthly payments of an annual membership. The Chamber Subscription gives you complete flexibility in your membership with the ability to cancel at any time. There is a premium on this convenience though, and like most subscriptions, the lowest price is obtain through an annual commitment. A member can switch from a monthly subscription to an annual membership billed annually or an annual membership with Flex Pay at any time.
